About Mexico

Mexico is a country full of energy and beauty, thriving with unique culture and history. As the country in Latin America with the highest amount of tourism, Mexico offers a variety of opportunities to explore everything from beautiful beaches to mountainous urban centers. It is affordable and easy to reach. Its cuisine is unique and often a combination of ancient and Spanish colonial dishes. It's even the home of the creation of chocolate! It is a country with vivid cultural experiences which blend the ancient with the modern and offers something for every traveler.

It is a traveler's paradise, crammed with a multitude of opposing identities, desert landscapes, snow-capped volcanoes, ancient ruins, large megacities, and time-warped colonial towns. This country's profusion of people and landscapes reflects the country's extraordinary history, part Amerindian, part Spanish. One look at this country is enough to remind visitors that there is nothing new about the so called New World. This mix of modern and traditional is the key to Mexico's immense popularity as a travel destination, whether your passion is tamales, ascending Mayan temples or exploring fascinating traditions such as tequila. Tourist destinations in Mexico tend to be as safe or safer than many tourists' home cities.

About the School

Part of the prestigious group of International House schools, it was opened in 2004. The school is located in the very center of Playa del Carmen, just two blocks from the Caribbean Sea beach and with dozens of bars, restaurants and shops nearby. The school consists of two adjoining buildings: a colonial style house with a domed roof and terrace at the front which houses the reception, two large student apartments and a building at the back that contains the Internet access room, offices, the classrooms and student apartments. There are 10 spacious classrooms in total, all with air-conditioning and views of the garden. There is also the bar area where students can relax and socialize after class. Separate from the school buildings themselves, at a five-minute walk is the popular student residence hall. As a member of the worldwide International House group, the school follows very high standards of instruction, professional integrity and student care. This group has a stellar reputation for training language teachers worldwide.

About Playa del Carmen

Playa del Carmen is located in the Riviera Maya, an 86 mile corridor, located in the north-east coast of the Yucatán Peninsula in the state of Quintana Roo, better known as the Mexican Caribbean. All year round you can expect sun and warm weather with an average temperature high of 30°C or 86 °F. It is a marvelous place to spend time. It has all the advantages of a Mexican Caribbean resort - a dazzling, white-sand beach, turquoise sea, a huge range of restaurants and things to see, and yet it has managed to retain a relaxed, low-rise village atmosphere which does not compare with the large-scale resorts elsewhere on the coast. The atmosphere is laid back and relaxed, and it is the gentle surf that seems to dominate the pace of life.
